

High-Speed DVD / CD Duplicator

Description

Low Cost High-Speed DVD±R / CD-R Duplicator

The new Clover Systems line of high-speed duplicators are invaluable for studios, publishers, and IT departments who need simple, efficient, in-house duplication capability.

Clover Systems duplicators are stand-alone systems that do not require any PC or software. Just place the master in the reader and a blank disc in the recorders and push "copy". Alternatively, you can copy the master to the built-in hard drive and copy from the hard drive. The 80 GB drive can store up to 16 DVD masters.

Features

- Automatic Format Detection
- User Friendly User Interface
- 8X DVD copying
- 24X CD copying*
- Writes DVD-R and DVD+R
- One Button Operation
- No Setup or Installation
- Copies DVD in 15 minutes
